

Portfolio-MAGE Automotive Industry 2021 program

Terasz, élmény, szakma, konferencia

Teljes konferenciaélmény a teraszon is, egész napos élő közvetítés, kültéri networking várja!

Kezdje velünk újra együtt beindítani az életet 2021-ben.

Találkozzon ismét a szakmával már a teraszon is:

- a konferencia helyszínén hatalmas privát terasz áll csak a résztvevőink rendelkezésére
 - a teraszon kivetítón követheti élőben a konferenciát egész nap
 - a szabad levegőn töltheti a kávészüneteket és az ebédszünetet is
- a teraszon megbeszélés, tárgyalás vagy kötetlen networking lehetőség áll rendelkezésére

Registration: 08:15- 08:45

Section I: The show must go on!

The global automotive industry has undergone major changes in recent years, and the bigger part is yet to come. What are the key challenges that will also influence operations in Hungary in coming years? How do market players see the global market situation and its impact on production in Hungary in 2021? Electrification is probably among the most defining megatrends currently. What steps are industry players taking to maintain competitiveness in this area (reducing CO2 emissions, flexible manufacturing, online sales, developing batteries, solid batteries and charging stations, hydrogen technology, etc.)?

08:45 - 08:50 Greeting, opening

Speakers:

Zoltán Bán, CEO, Net Média (Portfolio Csoport)

Csaba Kilián, CEO, Association of the Hungarian Automotive Industry (MAGE)

08:50 - 09:10 Energy efficient production and utilization of renewable energies at AUDI HUNGARIA Zrt.

Speaker:

Zsolt Zentai, Head of Planning Building technology / Plant infrastructure, Audi Hungaria Zrt.

09:10 - 09:30 Sustainability in manufacturing: renewable energy, operation efficiency, security of supply

Speaker:

András István Tóth, Solution sales director, E.ON Hungária Csoport

09:30 - 10:30 Executive roundtable

Moderator: **Csaba Kilián**, CEO, Association of the Hungarian Automotive Industry (MAGE)

Conversation participants:

Jenő Csanaki, Production Manager, Opel Szentgotthárd

Marc Eckstein, CEO, thyssenkrupp Components Technology Hungary Kft.

Elvira Hajdárné Molnár, President-CEO, PEMÜ Plc

István Kis, GM, Vice President Operations Hungary, Harman/Becker Automotive Systems

Róbert Krisztián, operatív igazgató, Magyar Suzuki Zrt.

Péter Macsotai, Managing Director, Federal Mogul Hungary Kft - A TENNECO Group Company

Szilvia Weisz, Manager, Production ramp-up, Audi Hungaria Zrt.

10:30 - 11:00 Coffee break

Section II: Production efficiency and Industry4.0 in practice

One of the primary ways to improve production efficiency is to implement industrial digitalisation technologies, while using green energy in manufacturing is another important pillar, When planning a development project, what requires attention in terms of manufacturing technology innovations, energy and production efficiency solutions, and sustainability? Case studies and best practices from the SME and corporate sectors.

11:00 - 11:15 Used Industrial Machinery? - Don't waste the last 20 years because of the digitalization

Speaker:

Aladár Virág, Professional Consultant and Sales, 4iG Ltd.

11:15 - 11:30 Metrology solutions for increased efficiency and sustainable operation

Speaker:

Tamás Godány, CEO, Carl Zeiss Industrielle Messtechnik Austria GmbH
Magyarországi Fióktelepe

11:30 - 11:45 Smart Factory

Speaker:

Péter Balán, branch manager, Mitsubishi Electric Europe B.V. Magyarországi Fióktelepe

11:45 - 12:45 Using innovative and digital technologies to improve the efficiency of manufacturing and logistics

Moderator: **István Ács**, Managing Director, Bosch Rexroth Kft.

Conversation participants:

Péter Balán, branch manager, Mitsubishi Electric Europe B.V. Magyarországi Fióktelepe

Péter Éliás, Leading manager, Environmental Management, Audi Hungaria Zrt.

Tamás Godány, CEO, Carl Zeiss Industrielle Messtechnik Austria GmbH
Magyarországi Fióktelepe

Csanád Makkai, Manufacturing Engineering Director, NI Hungary Kft.

Csaba Purgel, Managing Director, Continental (Vác)

László Tisza-Kiss, Plant manager, Dana Hungary Kft.

Aladár Virág, Professional Consultant and Sales, 4iG Ltd.

12:45 - 13:50 Lunch break

Section III: Challenges of a new era in manufacturing, in supplier development and in the job market

Market players are struggling with raw material shortage due to the pandemic, high prices, and logistical difficulties amidst the breaking of supply chains, all while trying to retain valuable workers. What measures have they implemented

to protect their employees and business processes? Is there a visible rearrangement in the supply chain? Are they planning to replace overseas suppliers with closer sources, or to use several suppliers for a given product in order to reduce risks?

What works better or differently in HR in 2021? Home office / Hybrid office – Experiences and expectations; Changes in individual and leadership competences, commitment; Recruiting and maintaining employees efficiently.

This section aims to sum up challenges involving labour, supplier relations and the operation of the supply chain from recent times and the near future.

13:50 - 14:40 A reordering in the supply chain - How will it affect customers and what will be the consequences on suppliers?

Moderator: **László Thierry**, Managing Director, ElringKlinger Hungary

Conversation participants:

János Bálint, Managing Director, Bálint Kft.

Ferenc Bolyki, Perfect Execution Manager, Emerson Automation FCP Kft.

Dr. Péter Dobos, miskolci telephelyvezető és európai termelési igazgató, Starters E-Components Generators Automotive Hungary Kft. (S.E.G.A. Hungary Kft.)

Balázs Kalmár, Logistics Director, SMR Automotive Mirror Technology Hungary Bt.

Péter Mátyus, Business Lead Hungary, P3 Group - Independent Automotive Expert

14:40 - 15:30 On an even more difficult track - Challenges in HR during and after the pandemic

Moderator: **Tibor Bányai**, Managing Director, Bányai & Partners Consulting Kft.

Conversation participants:

Andrea Cservenné Boros, HR Manager, Flextronics International Kft.

Anna Dedéné Novotni, Vice President of the Board, HAJDU Group

Balázs Pinczés, President, Hungarian HR-Network Association

Mária Szüle, Head of HR Management, BMW Manufacturing Hungary Kft.

Szilvia Varga-Papp, KECT/L-HR HR Manager, Knorr-Bremse Fékrendszerek Kft.

15:30 - 15:50 Coffee break

Section IV: Thematic roundtable workshop

You may select OFFLINE Table 1-2-3 in case of OFFLINE registration, ONLINE Table 1-2 in case of ONLINE registration!

15:50 - 16:40 OFFLINE Table 1: Labour market trends in 2021, future HR solutions

Change management as a major HR task - lessons learnt in 2020-21

Home office / Hybrid office - experience and expectations, transformation of individual and leadership competencies, maintain commitment now and in the future

Effective recruitment and retention - what works well/differently in 2021?

Future HR trends

Speaker:

Edina Tóth, Personnel Manager, Opel Szentgotthárd Ltd., Stellantis Group

15:50 - 16:40 OFFLINE Table 2: Production efficiency and Industry 4.0 in practice

FULL!

Speaker:

Zoltán Rigó, SUA Manager, Sheldon Invest Kft.

15:50 - 16:40 OFFLINE Table 3: New energy efficiency solutions and sustainability in manufacturing

FULL!

Speakers:

Gábor Bobál, Complex energy solutions engineer expert, E.ON Hungária Group

Zoltán Tóth, Head of Solution Sales, E.ON Energiamegoldások Kft.

15:50 - 16:40 OFFLINE Table 4: New energy efficiency solutions and sustainability in manufacturing

FULL!

Speakers:

Ádám Kozula, Head of complex energy solutions, E.ON Hungária Group

Gábor Mészáros, Complex energy solutions team lead, E.ON Hungária Group

15:50 - 16:40 OFFLINE Table 5: The future remains green: impact of alternative drives and electrification in manufacturing

Speaker:

Tamás Rózsa, Managing Partner, Top Tier Consultants

15:50 - 16:40 ONLINE Table 1: Production efficiency and Industry 4.0 in practice

FULL!

Speaker:

Sándor Pető, Lean trainer, consultant and coach, PS Management Solution Kft.

15:50 - 16:40 ONLINE Table 2: The future remains green: impact of alternative drives and electrification in manufacturing
The emergence of electric and autonomous cars are transforming the global automotive industry. How will players adapt the new trends?

Speaker:

Tamás Rózsa, Managing Partner, Top Tier Consultants

16:40 - 16:55 Summaries from facilitators

16:55 - 17:00 Closing remarks
